GOOD BYE TO ALCOHOL

Just before I say goodbye for good my evil ex I would like to tell you what you have done to me and my family
We started off having a fling, but before long it was a full blown affair I choose you over my husband, he had found out I loved you more, he left I had to sell my house, I didn't care I had you and my kids, your control was getting worse, I was hiding you in some stupid places like were my spare tyre was in my car, the time my dad found you and tried to take you away. Wine turned to neat vodka, police got involved fucking social services, I lost my kids coz I couldn't cope and look after myself let alone my kids

All I wanted was you the love of
my life, you made me feel safe
what a fucking fool I was really
all I can say. you bastard had me
hook line and fucking sinker, I had
lost my self respect, your control was
to much, now I'm safe and happy
I don't need a fucking evil bastard
or a prick in my life, I'm worth
more the hate and anger I have
towards you is untrue (bad unit)
NOT, I'm rebuilding my life
getting my self-respect back, the
trust of my family yes my family
which you took the piss out of
big time I really am starting
to build my life and be me
again after all the times I just
sat in the evil world that you

draged me into. Truely from my heart, Bastard you will not enter my life, my world again, you have done all you can to me in the passed. Now its my future you are deffo dead, So here is my last Goodbye to rubbish I deffo will not fucking miss you rot in hell you evil prick.
